

## FELL THROUGH OPEN WINDOW

Miss Krauss' Tragic Death at Savannah Sunday Morning.

DAUGHTER OF MAX KRAUSS

Father Was in Jacksonville When Sad and Tragic News Reached Him, But Went Immediately to Savannah. Death from Concussion of Brain.

One of the saddest accidents of the kind which has occurred in Savannah for many years, and one which possibly carried more sympathy, was an accident which occurred Sunday morning, and which cost Miss Regina, the handsome, accomplished and devoted daughter of Mr. and Mrs. Max Krauss, her life.

In view of the fact that Mr. Krauss is well known and popular throughout this section, as well as the entire State, The Sun publishes the following partial account from The Savannah News of Monday:

"Miss Regina Krauss, eldest daughter of Mr. and Mrs. Max Krauss, died at the residence of her father, No. 10 Hull street, west, yesterday morning at 11 o'clock from the effects of a fall from a second story window two hours before.

"Miss Krauss' death was one of the saddest which has recently occurred in Savannah, and was a great shock to those who had known her intimately. She had been particularly bright and cheerful the night before at a card party, and had already talked with the members of the family yesterday morning.

"Just how it occurred no one is able to say. Miss Krauss was found in an alley by the side of the house. In falling, her head struck the brick pavement. Her skull was crushed, producing concussion of the brain.

"The night before Miss Krauss and some friends had played cards. Early yesterday morning she got up, saying she could not sleep and went into a room where her sister and a guest were sleeping and lay down. Between 8:30 and 9 o'clock she went into an adjoining room. When some time elapsed and she did not return, her sister went to look for her and found her lying just beneath an open window in the yard below. She was unconscious and remained so until she died shortly after 11 o'clock.

"Miss Krauss was one of the most lovable of characters, absolutely unselfish and entertaining. With the announcement of her death numbers of friends gathered and extended their sympathies to the grief-stricken family.

"Mr. Krauss was in Jacksonville when he received the news of his daughter's tragic death. He reached home at 10:30 o'clock at night.

"The deceased was 26 years of age, and leaves a father and mother, Mr. and Mrs. Max Krauss, a sister, Miss Elizabeth Krauss, and a brother, Mr. Jerome Krauss."

### ESTREATED HIS BOND.

George Foster, Captured Near Cyril, Must Suffer Consequences.

Because his poor discretion tempted him with success to estreat a bond, George Foster, colored, has got himself into trouble, and must now suffer the consequences.

A few weeks ago Foster was arrested for some minor offense. He resisted arrest vigorously, and, while the offense for which he had been arrested was adjusted, he was placed under a bond of \$250 for resisting an officer in the discharge of his duty, and should have appeared in the county judge's court upon a certain recent date. Instead of appearing, however, he "jumped" the bond, and was arrested upon a capias by Deputy Sheriff Granger near Cyril Saturday and brought to Gainesville. His bond having been increased to \$1,000, he was unable to secure same and was remanded to jail to await the next term of the circuit court.

### Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed."

## SCOTT'S EMULSION

We don't put Scott's Emulsion in the class of advertised cure-alls; it doesn't belong there. We hardly like to use the word "cure" at all, but we are bound to say that it can be used for a great many troubles with great satisfaction. Its special function is to repair the waste of the body when the ordinary food does not nourish, and this means that it is useful in many cases which are indicated by wasting.

### BOUGHT FINE STOCK.

N. A. Callison of Spring Park Makes Additional Purchases.

N. A. Callison, manager of the Spring Park Stock Farm Company at Bennington, is determined to make of this place one of the finest stock farms in the South. He has just returned from Biltmore, N. C., where he purchased a quantity of registered stock and game.

"I never saw the like of registered stock and game since I was born," remarked Mr. Callison Monday, in referring to the magnificent live stock and poultry on the Biltmore estate, which is the property of Vanderbilt. "It is the prettiest place I ever saw, and it does a fellow's heart good to go through and examine the stock and poultry, and the creamery, which is one of the finest in the United States."

Mr. Callison went for the purpose of making purchases. While the Biltmore estate was not established for money-making purposes, the stock is disposed of as much to secure a reputation as for anything else.

Manager Callison included in his purchases four head of registered Jerseys, two of which were imported direct from the Isle of Jersey. Of this lot three are females, one male; two female and one male Berkshire hog, the latter costing \$100. These animals are the genuine English bred; one coop Plymouth Rock chickens, one coop of Bronze turkeys, imported, and one crate of Toulouse geese. This stock has all arrived, with the exception of the cattle, which are expected today.

Manager Callison was Monday celebrating the birth of the first registered Hereford calf on the farm. This calf is a descendant of Leedale's Princess, a \$500 heifer, which was a prize-winner at the St. Louis World's Fair, and which was recently purchased and brought to this farm.

### WOULDN'T SUPPORT FAMILY.

George Rollins Placed Under Bond to Compel Him to Feed Family.

George Rollins is the name of a big, greasy-looking coon who calls Archer his home, and whom the neighbors have openly declared was not really fit for owl bait, since it was alleged he turned his back repeatedly upon his wife and child, refusing to succor them with the necessities of life in the form of grits and bacon and clothing. The result is that Rollins has been placed under a bond requiring him to support his family, and in the event of failure to properly do so, he will be given a few lessons in the naval stores industry at the McDonald camp.

Rollins was arrested Monday morning by Deputy Sheriff Curl and brought to Gainesville, where he was arraigned before Justice Colman, with the foregoing result.

Harry Pearce, colored, was arraigned upon a charge of vagrancy, and given three months in which to make up his mind to go to work. He will also in the meantime receive lessons in turpentine at Fairbanks. Pearce was arrested by D. E. Godwin, an employee of S. B. McDonald at Fairbanks.

### A Card.

One year ago our business card was published in The Gainesville Sun to inform the good people of Florida that we were located at 115 N. E. Main street, Gainesville, prepared to give special attention to the treatment of chronic or long standing diseases of whatever nature. We wish to thank the people for their liberal patronage during the year, several hundred having been treated, many of them restored to health and others permanently benefited. We beg to assure all that during the present year, as in the past, no trouble or expense will be spared in giving each case the very best up-to-date treatment.

Quite an influx of visitors and regular winter residents took place during the week. Among them are Messrs. Chamberlain, Abrams and Edicks of Kalamazoo, A. Patterson and J. Patterson, wife and child of Louisa, Ohio, Mr. and Mrs. Geo. Keeler and son of Cheshire, Conn., and Mr. and Mrs. T. Billam of Ansonia, Conn.

### MANY NEW STUDENTS.

East Florida Seminary Will Enjoy An Excellent Spring Term.

Notwithstanding that this is the beginning of the spring term of East Florida Seminary, a great many new students have entered for the first time, and have settled down to business at the beginning. It is calculated that before the present week is over the enrollment in new students will have reached twenty-five, and they come from every section of the State.

Among those enrolled at this term for the first time are Alexander Lynch of Washington, son of Mrs. W. B. Lynch, formerly of Gainesville; Misses Rawls of Alachua, Freeman of Seabreeze, Corbett of Welborn, Carniff of Jacksonville and Shaw of Alachua. Others are expected daily.

Prof. Jere M. Pound, the superintendent, with his corps of efficient assistants in the various departments, is making for the Seminary a record of which they should well feel proud, and which tend to benefit the institution permanently.

### A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oakland, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One nose relieves. Guaranteed at 50c and \$1.00 by all druggists. Trial bottles free.
